National Service Center for Environmental Publications (NSCEP)	After the Storm	Suitable for all audiences	(DVD), EPA 841-C-06-001 (VHS), EPA 840-V-04-001	Free	800-490-9198 nscep@bps-lmit.com. www.epa.gov/weatherchannel	This tape is intended for education and communication purposes in classrooms, at conferences, etc. It may also be aired on cable or other TV stations, as EPA now has the full rights to the program. Stations may air all or a portion of the program. If a portion of the program is aired, please ensure that you include in your broadcast that the program was co-produced by EPA and The Weather Channel.
The Stream Keeper's Catalog	The Stream keeper Video	Students & community groups	VHS	\$12.00	aasf@streamkeeper.org	Designed in three parts - Part I, the Science Guy takes the viewer into a watershed and demonstrates the hydrologic cycle, how to define watershed boundaries and how streams flow. Part 2, he introduces viewers to inventorying and monitoring the physical, biological, chemical, as well as social and political characteristics of streams. In Part III, viewers learn how to take action.
The Stream Keeper's Catalog	Fresh Waters Flowing			\$16.00		Fresh Waters Flowing explores the connection between humans and streams, revealing the links between human influences and the ability of a stream to support healthy biological communities.
The Stream Keeper's Catalog	Biological Monitoring Protocol			\$16.00		Explores the health of natural stream communities by means of biological monitoring and further explains the first steps in protecting and restoring watersheds and salmon runs
California Coastal Commission- <b>Lending Library</b>	The following videos and DVDs are available for loan to California educators. They are available for a two-week period and the <u>only cost to you is the return postage</u> . A \$25 charge is applied for each video or DVD not returned. Please fill out our online at <a href="http://www.coastal.ca.gov/publiced/aab/eduform.html">http://www.coastal.ca.gov/publiced/aab/eduform.html</a>					
California Coastal Commission- <b>Lending Library</b>	Saving Inky	Varies	Request Item-VID/SI or DVD/SI	Return Postage		A video for all ages about a pygmy sperm whale that ingested plastics from the ocean was treated at the Baltimore Aquarium and then set free.
California Coastal Commission- <b>Lending Library</b>	Secrets of the Bay	All ages.	Request Item-VID/SOTB or DVD/SOTB	Return Postage		Reveals the magnificent wildlife hidden in the San Francisco Bay Area
California Coastal Commission- <b>Lending Library</b>	Coastal Cleanup Day 2000	All ages.	Request Item-VID/CCD or DVD/CCD	Return Postage		An excellent motivator for people to become involved in the health of our coast through participation in Coastal Cleanup Day and the Adopt-A-Beach Program.
California Coastal Commission- <b>Lending Library</b>	The Trash Troll	Grades K-5.	Request Item-VID/TTT	Return Postage		Teaches children the impacts of beach trash on marine animals
California Coastal Commission- <b>Lending Library</b>	Between a Rock & a Hard Place	Grades 2-6.	Request Item-VID/BRHP or DVD/BRHP	Return Postage		Prepares students for an ecologically responsible tidepool visit.
California Coastal Commission- <b>Lending Library</b>	California Marine Life Identification	Grades 4-12.	Request Item-DVD/CMLI	Return Postage		Divers off the coast of southern California show how to identify over 80 species of marine plants and animals
